

2021-2022 Art Club

Autumn 1	Year 1 and 2 We will find out all about the artist Andy Goldsworthy. Our year 1 and 2 children will think about the colours, materials and shapes Goldsworthy uses in his art work. We will examine several of his sculptures and use them as inspiration for our own creations!
Autumn 2	Year 1 and 2 Colour Creations! This half term, the year 1 and 2 children will think about their favourite colours and the colours that are all around them every day, before looking at how colours are used in art. They will learn about primary colours, secondary colours, colour mixing, and light and shade, as well as look at the artwork of artists who use colours in interesting ways, namely Kandinsky and Mondrian. We will finish the half term off with some lovely Christmas inspired creations, to get us in the festive mood!
Spring 1	Year 3 and 4 This half term our fun and creative 'Investigating Patterns' art club topic enables our year 3 and 4 children to explore, create and manipulate a variety of different kinds of patterns. Starting with patterns found at home and in the environment, the children then move on to study how shapes can be used to create interesting patterns. Year 3 and 4 children will also have the chance to explore making patterns with stencils and printing.
Spring 2	Year 3 and 4 This half term in art club we will immerse ourselves in the beauty of nature by investigating, 'Plant Art'. Children will be introduced to a variety of plant-themed artworks created by famous artists, and encouraged to express their opinions of them. They will learn how to

	<p>make careful observations, mix different tints, shades and tones of colour, and create the illusion of depth within a picture. They will also have the opportunity to create their own 3D flower sculpture from clay. The final session culminates in children planning and creating their own artwork using all the skills that they have learnt.</p>
<p>Summer 1</p>	<p>Reception</p> <p>Colour Creations! This half term, our Reception children will think about their favourite colours and the colours that are all around them every day, before looking at how colours are used in art. They will learn about primary colours, secondary colours, colour mixing, and light and shade, as well as look at the artwork of artists who use colours in interesting ways, namely Kandinsky and Mondrian.</p>
<p>Summer 2</p>	<p>Year 5 and 6</p> <p>'Talking Textiles'! Our 'Talking Textiles' Art Sessions are sure to get our year 5 and 6 children chatting excitedly about working with textiles! Starting by taking a glimpse into the fascinating Bayeux Tapestry and how other artists have told stories visually throughout the ages, our children will then have the chance to start thinking about how they can tell a wordless story themselves through the medium of textiles.</p>
